

Dear fellow teacher,  
Thank-you for visiting my site; I hope you love this resource! It works well as a review, homework or sub lesson. Don't forget to come back and download other puzzles as you need them!

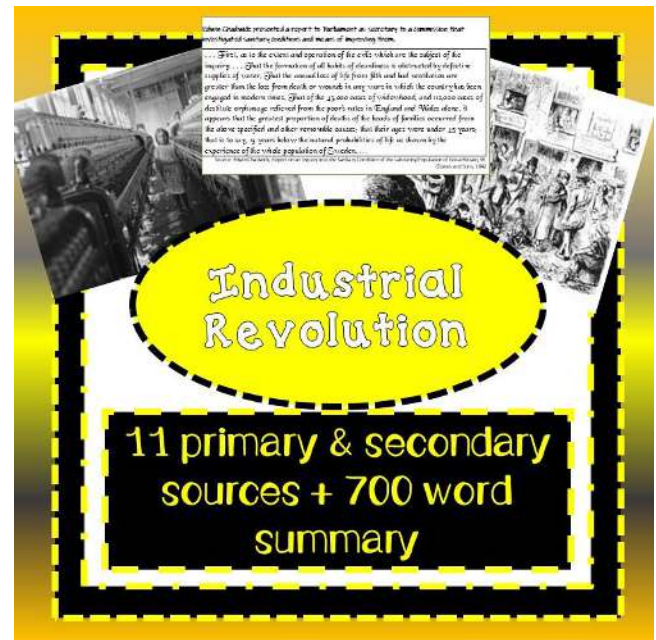

### Usage Guide:

1. Print and copy the version of the student handout you wish to use from this (with or without Word Bank), or assign various puzzles depending upon ability.
2. Instruct students to answer the clues in order to uncover the words that are in the word search.
3. Look for each term in the word search puzzle.
4. Go over as a class using the answer key provided.

Here is a Google link for the 2 puzzles:

Use the clues and the word bank to fill in the terms. The first letter has been provided.

- A \_\_\_\_\_ -- Ancient Greek philosopher known for his scientific knowledge
- P \_\_\_\_\_ -- Ancient Roman astronomer that guided medieval astronomy
- E \_\_\_\_\_ -- Theory that knowledge comes from sensory experience
- C \_\_\_\_\_ -- Astronomer, determined the sun was the center of solar system
- K \_\_\_\_\_ -- German astronomer & mathematician that guided Newton's work
- S \_\_\_\_\_ -- System of experimentation to test scientific theories
- F \_\_\_\_\_ -- English statesman key to development of scientific method
- R \_\_\_\_\_ -- French scientist, used reason to develop the natural sciences
- T \_\_\_\_\_ -- Instrument that allows distant objects appear magnified
- A \_\_\_\_\_ -- Study of celestial objects such as stars
- A \_\_\_\_\_ -- Belief the movement of celestial objects can explain human affairs
- H \_\_\_\_\_ -- Theory that the sun is the center of the solar system
- G \_\_\_\_\_ -- Theory that the earth is the center of the solar system
- M \_\_\_\_\_ -- Instrument that magnifies objects for easier viewing

Use the clues and the word bank to fill in the terms. The first letter has been provided.

- Aristotle -- Ancient Greek philosopher known for his scientific knowledge
- Ptolemy -- Ancient Roman astronomer that guided medieval astronomy
- Empiricism -- Theory that knowledge comes from sensory experience
- Copernicus - Astronomer, determined the sun was the center of solar system
- Kepler -- German astronomer and mathematician that guided Newton's works
- Scientific Method -- System of experimentation to test scientific theories
- Francis Bacon -- English statesman key to development of scientific method
- Rene Descartes -- French scientist, used reason to develop the natural sciences
- Telescope -- Instrument that allows distant objects appear magnified
- Astronomy -- Study of celestial objects such as stars
- Astrology -- Belief the movement of celestial objects can explain human affairs
- Heliocentric Theory -- Theory that the sun is the center of the solar system
- Geocentric Theory -- Theory that the earth is the center of the solar system
- Microscope -- Instrument that magnifies objects for easier viewing

# Terms of Use

By downloading this resource, you are agreeing that the contents are licensed to you only for classroom/personal use as a single user. I retain the copyright and reserve all rights to this product.

## **YOU MAY:**

Use items for your own classroom students, or your own personal use.

Reference this product in blog posts, at seminars, professional development workshops, or other such venues PROVIDED there is both credit given to myself as the author and a link back to my TPT store is included in your post/presentation.

## **YOU MAY NOT:**

Claim this work as your own, alter the files in any way, or remove/attempt to remove the copyright/watermarks, sell the files or combine them into another unit for sale/free or post this document for sale/free elsewhere on the internet.
